During his time at university, Petit became involved in student activism. He spoke out against the repressive dictatorship of Jean-Claude Duvalier and participated in demonstrations demanding democratic reforms.

A Revolutionary Career

In 1986, Duvalier was overthrown in a popular uprising. Petit played a key role in organizing and leading the protests that brought down the dictator. After the fall of Duvalier, Petit was elected to the Constituent Assembly, where he helped draft Haiti's new democratic constitution.

In 1991, Petit was elected to the Haitian Senate. He served as the leader of the opposition to the government of President Jean-Bertrand Aristide. Aristide was a popular figure, but his administration was marred by corruption and human rights abuses.

In 1994, Aristide was overthrown in a military coup. Petit was one of the leaders of the movement that brought down Aristide's government. However, the military junta that took power was even more repressive than Aristide's regime.

Petit continued to lead the opposition to the military junta. He was arrested and tortured by the military, but he refused to give up. In 1994, Petit was assassinated by a military death squad. He was 39 years old.
